DEVELOPER EXPERIENCE

UNCC CODING BOOTCAMP   May 2022 – August 2022

Full Stack Developer
- Recently received my full stack certification
- Having a design background and previous learning of the Adobe Creative Suite, I lean heavily, and have a passion for the Front End
- Currently very familiar with:

    HTML
    CSS
    Javascript
    React
    Express
    Jquery
    SQL
    MongoDB
    AJAX

- On top of these languages, I pride myself in being able to effectively communicate with my team or client, reaching a clear understanding of what the final product should look like, and then delivering.
- Constantly problem solving and trying to find new ways to be visually expressive and captivating, while still using best practices for web design in delivering a crisp product
- Well organized with file structure and element naming providing clean and readable code to provide for efficient collaboration with other team members

CONTINUED LEARNING/ CURRENT PROJECTS

- Teaching myself Adobe Experience Manager, SCSS, as well as Python
- Currently working on my Personal Web Store as well as a Charlotte Sports Clothing Line
- Freelancing Websites for family and friends (who all seem to want a website now)
